## WSET Level 4 Diploma in Wines

Building on the knowledge and skills gained from the WSET Level 3 Award in Wines, the Diploma deepens your understanding of how and why wine production and business factors influence the style, quality, and price of wines. Your expertise is built both theoretically, through comprehensive study of a large number of wine regions, and practically, by developing your wine tasting skills to an expert level. Successful graduates acquire exceptional analytical skills and proficiency in evaluative wine tasting, gaining global recognition as authoritative wine specialists.

The course is suitable for people within the industry, either working in, or wishing to progress into management roles and for the serious wine enthusiast, wishing to build on knowledge and acquire expertise in wine tasting. The WSET Level 4 Diploma in Wines is viewed universally as the stepping-stone to the **Master of Wine** qualification.

The Diploma is divided into six mandatory Units. The two Foundation Units must be studied at the beginning of the Diploma programme because they provide the core knowledge and understanding required for success in subsequent units.
